

“All our dreams can come true if we have the courage to pursue them.” - Walt Disney

### **HELP YOURSELF TO SUCCEED: REVIEWS FOR THE FINALS**

Attention all students in MATH 1111, MATH 1113, STATS 1127

This semester you have a wonderful opportunity to attend review sessions for the finals offered by Professors Bhandary, Kamau and Lumley! The review sessions will include work on specific problems, a discussion on the underlying concepts and important subtle points and details. The key points of the courses will be reviewed as well. You are encouraged to bring your own questions as well. Other activities will include

- Test taking skills
- Organization
- Study tips
- Provide directions on where the material can be found in the text.

#### **College Algebra MATH 1111: Dr. Ben Kamau**

- 12:30 - 2:45 pm, Thursday, April 17, University Hall xxx
- 12:30 - 2:45 pm, Tuesday, April 22, University Hall xxx
- 12:30 - 2:00 pm, Monday, April 28, University Hall xxx
